

Ogoowair

Partner Pack

Partner Pack

Hadniki Group Inc is building a national ecosystem around sustainable river mobility and Smart innovation city. This public partner pack outlines collaboration opportunities without revealing technical or confidential data.

Collaboration Opportunities

- ✓ Technology and innovation partners
- ✓ Land development training and capacity-building institutions
- ✓ Tourism, logistics, and mobility partners
- ✓ Environmental and sustainability organizations
- ✓ Academic and research collaborations

Why Partner with Ogoowair ?

Ogoowair opens a new era of mobility-driven development.

Partners benefit from:

Participation in a pioneering national project

Knowledge transfer and skill development

Opportunities within the Mandji Silicon Hub ecosystem

Support for sustainable, inclusive growth in Gabon

Mandji Silicon Hub

Mandji Silicon is the technological and operational heart of the Ogoowair system. It serves as a platform for technical cooperation, training, and innovation.
